

## BURY CROQUET CLUB – WHITEHEAD PARK UPDATE March 2021

WHITEHEAD PARK lawns are ready to go when we are able to play again after 29<sup>th</sup> March.

John Gilmartin has been working hard to prepare everything. The 3 lawns are fully marked out with holes placed. There are temporary plastic hoops in place to indicate location of holes.

This year there is the additional benefit of a practice lawn located immediately in front of the club house – to perfect your jump shots, rather than on playing lawns!

There is a plan of the lawns on the following page of this update, it is also available to check on Team Up section of the club web site when booking lawns. Simply click on WP Lawns layout to see the layout >

When using lawns please remember to use the hoop bracket when inserting hoops – this helps to prevent “hole spread” making the hoops slack.

Also of course please observe the previously issued guidelines with regard to Covid-19 – and remember to scan your TRACK & TRACE QR CODE. They are located on the club house doors.

The “security cage” around the club house veranda has been completely painted over recent weeks. An erroneous and time-consuming laborious task, spearheaded by Simon Attwell, often under difficult circumstances and in cold weather, including ordering and collecting paint & equipment.

Supported by other volunteers. Second colours have been painted on corner uprights at each end that are visible from all areas of the lawns.

**Membership enquiries:** If whilst you are playing anyone enquires about membership – there are some leaflets about the club and croquet in a plastic box on the veranda to give out. There is also a form to take contact details if they are prepared to leave them.

**ENJOY YOUR SEASON – Look after yourself & others!**

**REMEMBER - WITHOUT U - THERE IS NO US!**
